

# T1655III TERRAIN LEVELER® SEM

**TEC® PLUS ELECTRONIC CONTROL SYSTEM.** The operating system communicates with multiple control modules located throughout the machine for real-time performance data and advanced troubleshooting capabilities.

**ELEVATING ENCLOSED CAB.** The cab features dual air ride suspension seats, dual self-contained heating and cooling systems and sound attenuating foam. It is also a rollover protective module (ROPM) and falling object protective structure (FOPS).

**ONE CAT IS NOT ENOUGH.** The T1655III features two CAT C18 ACERT engines providing 1200 hp (895 kW) to muscle through the toughest conditions.

**VANTAGE TRACK.** Relax in the confidence that your investment is protected and your entire closed loop hydrostatic system is covered with either a 3-year/3000-hour or 5-year/5000-hour Extended Care Service program.

**MOBILITY AND STABILITY.** The T1655III dual tracks and low center of gravity allow for easy maneuverability and stability over the changing and diverse surface conditions.

**FULL FUNCTION REMOTE CONTROL.** The T1655III is available with a wireless remote control that can provide full operator function remotely.
